**RE: Gogebic-Iron County Airport For Small
Community Air Service Development Program
Docket #OST-2006-23671 -345**

Dear Ms. Bingham:

This letter is following up on our firm's letter of April 7, 2005. The members of our firm have become aware that our local airport is applying for a grant from USDOT.

Nothing has changed from the perspective of this firm. We are frequent flyers and believe that the future economic growth of this area is directly tied in with a viable airport. Your courtesies in considering this letter of support in conjunction with our local airport's grant application would be greatly appreciated.

Very truly yours,

JACOBS, MCDONALD, SILC
& MOORE, P.C.
